### [UAC webinar: Schools Recommendation Scheme: Unlock Early University Offers Before ATARs are Released](#)

24 July

Learn about this popular early offer scheme for Year 12 students available exclusively through UAC.

Watch live on the UAC Digital YouTube channel.

## University – Institutes

### [University of Wollongong College – Fitness Information Session](#)

19 June

Please join our upcoming information session to find out more about Fitness courses at UOW College.

Who should attend?

Both new students interested in studying fitness and current fitness offer holders will find this session helpful.

During the online webinar we will cover information on:

- Vocational Fitness courses
- Flexible study options (on campus or distance)
- Entry requirements
- Course units of competency / subjects
- Course outcomes and progression to further study
- Career outcomes

### [University of Wollongong Webinar – Ace your Early Entry Application](#)

1 July

UOW Early Admission is our early offer program for students completing Year 12 (Higher School Certificate or other Australian equivalents) or the International Baccalaureate Diploma during 2024. This webinar is your chance to ask any questions and find out how to get an offer to uni before you sit your first exam.

Here's what we'll cover in the webinar:

- Key Dates
- Application process
- Answering the 4 short questions
- Scholarships
- Offers

### [Register for Western Sydney University Open Day 2024](#)

Open Day will be held at our Parramatta South campus on Sunday, 30 June 2024 and is a great opportunity to discover all that Western has to offer.

Explore course options, meet academics and find out about our pathway options.

Register now to join us. We can't wait to see you at Open Day 2024!

### [Upcoming Western Sydney Webinars](#)

- Tuesday 11 June @ 5PM | Discover Western – Pathways, Alternative Entry and Early Offers
- Tuesday 30 July @ 5PM | Discover Western – Scholarships
- Tuesday 6 August @ 5PM | Discover Western – Uni 101
- Tuesday 3 September @ 5PM | Discover Western – Applying to Western and Receiving an Early Offer

### [University of Sydney – Personalised Data Analysis Advice – Online Small Group Sessions for Science Extension HSC](#)

18 June

Whether you are doing a primary investigation or using secondary data, you will need to use the right data analysis techniques to find and present trends in the data!

The Faculty of Science presents these free after school sessions where individual HSC Science Extension high school students from NSW can sign-up to hear from tutoring data scientists from the University of Sydney. Students will book into a half hour time slot with a small number of other students so that they can get personalised advice and recommendations for their own investigation data.

These sessions make up the third and final part of the data analysis advice series run by the University of Sydney for HSC Science Extension students. This third part is designed to help students apply the content taught in sections one and two of the workshop series.

### **University of Sydney HSC Preparation Courses (Years 10-12)**

Enrolments Open for July Classes

Are you nervous about tackling the HSC? Take it from us – every successful HSC begins with preparation. And now, our team of experienced educators have got you covered, with a comprehensive program of HSC preparation courses.

Led by our highly experienced team of educators, each intensive course is tailored around a critical aspect of the HSC curriculum and offers up-to-date subject knowledge and skills. These intensive holiday courses are perfect for consolidating your school studies and developing key subject knowledge that'll give you an edge when it comes time to sit your exams. Plus, our expert tutors will teach you examination skills designed to invigorate and challenge your approach to the test material.

Classes available for:

- HSC English Advanced – Module C: Craft of Writing
- HSC Mathematics: Standard
- Year 10 -12 Study Methods
- Year 11 Chemistry Revision
- HSC Physics Preparation Course
- HSC Chemistry Preparation Course
- HSC English Advanced Preparation Course – Module B: Henry IV
- HSC Business Studies Preparation
- HSC Mathematics Preparation Course: Advanced

### **Discover Nursing at UTS**

18 July

Join us on campus to discover nursing at UTS!

Learn all about the Bachelor of Nursing from expert academics, hear where a nursing career can lead you from guest speakers and graduates, and get hands-on in our state-of-the-art clinical facilities.

### **Applying to UTS: Early Entry Program info session**

12 June

Join us to find out how to apply for the UTS Early Entry Program, the eligibility criteria, and advice for the transition from school to uni.

**ACU Open Day – Blacktown**

27 July

Open Day is your chance to find out everything you need to know about studying at ACU before you enrol. You'll be able to check out the campus, meet staff and students, discuss entry pathways, and talk to experts about your study options and career goals.

Open Day gives you the opportunity to ask our teaching staff any questions you might have about your dream course, the application process, pathway options, entry schemes and more.

Chat to current students and discover the facilities your new campus has to offer. And sit in on information sessions from each of the faculties to find out more about the courses you're interested in.

**CSU Connections First Nations Direct Entry Program**

29 July – 2 August: Science and Technology Connections

12 – 16 August: Health Connections

We're excited to host two immersive direct entry programs for First Nations people interested in a study and career pathway into the world of science and technology, and into a range of health professions.

**Why study at Southern Cross University Webinar**

12 June

Join our Future Students Team for an online webinar that will unpack everything there is to know about Southern Cross University. We'll talk you through university life, our state-of-the-art facilities, scholarships, student services, study areas and more. You can chat with current students and ask questions about your future studies.

The webinar will be held through Zoom, register below to access the session.

We look forward to seeing you there!

**University of Newcastle – Joint Medical Program (JMP)**

To apply to the Joint Medical Program in 2025, you must complete the following three steps. Our Joint Medical Program is world-class and entry is competitive. Each year, 170 places are available in the program across both the University of Newcastle and the University of New England; more than 3,000 people apply for those spaces. Your application will go through a rigorous selection process. If your application isn't successful, we encourage you to apply again the following year or to consider one of the many alternative degrees offered by the University of Newcastle or the University of New England.

### [UNSW Portfolio Entry Scheme](#)

#### Round 1 Closes 22 July

Here at UNSW, we want to reward your passion, creativity and potential to succeed in your degree area. The UNSW Portfolio Entry Scheme offers early conditional offers, giving you the opportunity to demonstrate your passion and talent alongside your ATAR. Successful applicants will receive an early conditional offer with an adjusted ATAR entry requirement up to 10 ATAR points below the lowest selection rank for a specific degree or range of related degrees.

If this sounds like you, we want to see your portfolio submission. It's an easy, online process and can only ever boost your chances of admission. What you submit in your portfolio will depend on which degree you're interested in. Please submit your UAC application prior to your UNSW Portfolio Entry submission.

### [Reminder – UNSW Engineering Information Evening](#)

12 June

Problems and Ideas that will impact society over the next two decades rest on the shoulders of our future engineers. From transitioning to Net Zero Carbon Emissions through decarbonisation, tackling the next big Cyber Security threats, merging biology with technology, and creating the most sustainable infrastructure projects, all of this requires technical skills and expertise, along with creative problem solving.

Start your journey at UNSW Engineering – the number 1\* ranked Engineering Faculty in Australia!

Join us online where you will hear from our expert panel of academic staff and advisors to gain insights about our range of programs designed to equip you with the skills and knowledge needed to excel in the engineering landscape of today and tomorrow.

## University – General

### [Why I chose to study arts](#)

Studying for her HSC, Akala Newman was worried she wouldn't get into her arts degree. 'I love academia, but it doesn't come naturally to me,' she says. 'I'm not built that way.'

### [Free UCAT Information Session](#)

Are you considering a career in medicine or dentistry? You may need to sit a compulsory entry exam known as UCAT (Undergraduate Medicine and Health Sciences Admission Test) before you can apply to certain universities!

This forum is an excellent opportunity for teachers, students, and parents to find out about the UCAT and to have their questions answered by an expert who has been working in the field since 1999.

- What is UCAT? UCAT scores? UCAT Sub-tests?
- The Undergraduate Selection Criteria
- Application process into universities for medicine and dentistry
- When and who can sit the UCAT
- UCAT vs GAMSAT – How is UCAT different?
- Can you prepare for the UCAT?
- Undergraduate medical school interview explained and medical school interview preparation advice
- Gap Year
- Alternative degrees and career choices
- Q & A

### [ANSTO Saturday Science Discovery Tours](#)

29 June

This tour provides an in-depth look into the world of nuclear science and the work ANSTO does in the areas of health, the environment and delivering solutions for industry. Subject to availability, we will visit Australia's only nuclear reactor OPAL, the Australian Centre for Neutron Scattering, the ANSTO Nuclear Medicine facility and the Centre for Accelerator Science.

### [Simulated UCAT Day Workshop](#)

Next Online Workshop: 23 June

In Person Classes in Sydney: 15 June – Limited Spots Remain

If you are in Yrs. 10, 11, 12, or you may be older and considering sitting the UCAT in the future, then this program is for you. The Simulated UCAT Workshop program is ideal and often a necessary step towards effective and efficient preparation for the UCAT.

The workshop is primarily designed to cover fundamental techniques in navigating all five sections of the UCAT test and also for participants to gain a better understanding of their own level of preparedness for the test. Over the course of the years, the program has evolved into a more comprehensive and holistic exercise, which not only achieves its primary goal, but it is also exposing students to a wealth of knowledge about all other aspects of the journey into a medical degree. The latest update has seen the program grow into a 2-Day event as the sheer amount of content covered was too great to fit into a 1-day program.

### [How to Prepare for UCAT Verbal Reasoning?](#)

Of the five subtests of the UCAT, there is one that stands out as the more difficult to master. The UCAT Verbal Reasoning section has a few unique characteristics, which are unlike anything candidates may have encountered in other areas of their studies. The UCAT Verbal Reasoning section requires the candidate to scan a stimulus very quickly and identify the answers to the questions within a limited time allowance. While this may seem easy enough to some, the speed at which students need to be performing while dealing with fairly complex and tricky passages is very fast, to say the least.

### **UCAT Verbal Reasoning Webinar**

16 June

An intensive and interactive advanced UCAT Verbal Reasoning skills training program, which includes a full Verbal Reasoning section mock test.

The UCAT Verbal Reasoning (VR) section, has proven as one of the most challenging sections of the UCAT to prepare for as practicing questions only, is not the most efficient way of preparing. Verbal reasoning requires certain fundamental language and reading skills that normally can take a long time to fully develop.

## **TAFE**

### **Get a Dynamic Career with the TAFE NSW Bachelor of Early Childhood Education and Care (Birth–5)**

If you love working with children, this accredited four-year teaching degree is for you.

This degree has a strong applied learning focus so that when you graduate, you'll be prepared to work in a variety of settings such as day care, preschool, integrated child and family services. As well as practical core units, you will undertake a work placement each semester that allows you to apply what you've learned in a real setting.

### **TAFE Bachelor of Applied Commerce**

Designed in consultation with industry, the Bachelor of Applied Commerce provides you with the skills and knowledge you need to be a successful financial professional. Complete your major in either accounting or financial planning, or do a double major. As well as developing knowledge and skills in accounting and financial planning, you will study management, marketing, law, economics and business statistics, as well as doing an industry placement in third year. Alternatively, you can complete a Diploma of Applied Commerce by completing all first year subjects in the degree.

### **Australian Patisserie Academy**

250 Blaxland Road Ryde

Utilising the professional kitchens of TAFE NSW, the Academy team alongside international guest chefs, ensure you emerge with a dream patisserie skill set. From perfecting the art of cake decorating to baking the perfect sourdough, pulling exquisite sugar ribbons to creating one-of-a-kind chocolate show pieces, the Academy is dedicated to preserving the art of patisserie. Classes are short, flexible and constantly changing to reflect industry trends. So whether you're a passionate weekend baker or master chocolatier, there's a course that's your perfect mix.

### **Australian Patisserie Academy – Short Courses**

The Academy has new half day courses that will provide you with a fast way to learn a new skill. Classes are hands-on, short and constantly changing to reflect current trends. So whether you're a passionate weekend baker, food enthusiast or culinary professional, there's a course that's your perfect mix.

### **Tocal (Virtual) Farms**

Take a virtual tour on any area that takes your interest. Dairy, beef, sheep, horses, eggs, property, natural resources, bees. Tocal is a 2200-hectare farm located in the lower Hunter Valley of New South Wales, Australia. The property contains a range of natural ecosystems, from rainforest remnants and wetlands to dry sclerophyll forests. The main farm enterprises are beef cattle, dairying, horse breeding, and free-range egg production, with a small demonstration of sheep flock and some cropping. The current management at Tocal aims to maintain a strong reputation by adopting best practice property management for livestock, ecological benefits, people, animals and the environment.

### **Total Farming and Agriculture Open Days**

12 and 19 July, 4 and 11 October

Our College Open Days are a wonderful opportunity to visit Total and experience first hand all that it can offer students who are eager for a rewarding career in agriculture, agribusiness or horse breeding and training. The Open Days are held on the Fridays of the winter and spring school holidays and provide prospective students, their families and carers an ideal forum to visit the College and get a feel for what life as a student is really like. Should you require accommodation while attending the Open Days, Total College has a range of excellent and affordable accommodation options. These include motel rooms, flats and cottages.

### **AFL SportsReady**

Right now, AFL SportsReady has loads of great opportunities, with amazing employers. Please share the Job's Board with any school leavers that may be interested in kick starting their career through a traineeship. Visit the jobs board now.

### **DLI Training for White Card, Forklift Driving and more!**

DLI Training delivers flexible and affordable training courses to warehousing and construction industries around NSW. Specialised in delivering Job ready courses like WHITE CARD, WORK SAFELY AT HEIGHTS, CONFINED SPACES ENTRY, EWP and FORKLIFT TRAINING. For more information and SPECIAL OFFERS! Additional discounts for Schools & group bookings. CALL 1300 354 876.

### **Costal OHS White Card Training**

Training available throughout June and July

If you have students that require their White Card for work placements or have an interest in working in construction industries now is the time to book your course.

White Card training enables students to stay safe in the workplace.

### **Childcare and Aged Care Diploma and Certificate III Courses at AGrade Education**

Find out about the Childcare and Aged Care Diploma and Certificate III courses on offer. Classes are online via zoom and have supportive teachers to assist students. Upon completion students may work in AGrade Education and Training centres, as most of the students find work during studies.

## Private Colleges

### [Torrens University Early Entry Applications Now Open](#)

Apply now to secure your place at Torrens University Australia through our Early Entry Program.

Get in early, get a place and get ahead

With a conditional offer for 2024. Early Entry is open to all Year 12 students in NSW, QLD and SA.\*

Applying is easy. Complete the enquiry form or complete our online application.

Either way, one of our friendly Torrens University Course and Careers Advisors will contact you and confirm all details. Then, within 2 business days of your application, we will email you to confirm your place.

### [Collarts School for Audio, Animation, Music, Fashion, Interior Design, Photography Open Day](#)

31 August

Curious about study and wondering what life at Collarts is really like?

Come and discover all we have to offer at our Open Day.

At our Collarts Open Day, we invite you to come and experience Collarts life. Enjoy detailed information sessions about our courses with teachers and student advisors, and discover what it's like to be part of our creative community. Attend our free workshops, industry panels, and course overviews, with our key staff will be available to answer your questions directly. Don't miss out on this chance to learn about our learning facilities and unveil our innovative and dynamic music, audio, design and learning technologies.

### [ICMS Open Day 2024](#)

17 August

The International College of Management, Sydney (ICMS) is a leader in career-focused education, offering internationally recognised undergraduate bachelor's degrees and postgraduate master's degrees at our Manly and Sydney Citycampuses. At the ICMS Open Day you will learn about all the degrees offered and discover why ICMS's personal mentoring approach could make all the difference to your future career success – and help you to make the most of your student years!

### [Australia Pacific College Barista Skills Training Course](#)

Discover the essentials of coffee-making and cafe know-how in this two-day course. Learn practical skills to help you to get a job in hospitality. e essentials of coffee-making and cafe know-how in this two-day course. Learn practical skills to help you to get a job in hospitality.

### [Reminder – NIDA Open Day 2024](#)

15 June

From costume design and stage management to acting and musical theatre, learn more about our course offerings and explore behind the scenes of Australia's leading dramatic arts educator at NIDA Open Day in 2024. Interested in studying at NIDA, or just curious about what we offer? NIDA Open Day is the perfect opportunity for prospective students to visit the campus and get a taste of the NIDA experience. NIDA theatres, workshops, studios and creative spaces come alive with new and current students, ready to explore the arts. Whether you want to be centre stage or behind the scenes, you can learn about all NIDA's course offerings, meet alumni and current students, observe classroom activities, check out students' creative work in costume, make-up and more, as well as ask questions during our faculty panels and even watch student productions.

### **Introduction to Directing Short Course at AFTRS**

11–27 June

'What does a director do?' This introductory course delivered completely online will focus on the responsibilities and workflow of the film and television director, from pre-production through to post-production. Taught by highly experienced Industry practitioners you'll get an insight into this key role, and what makes a great director.

This course is delivered by Zoom Video in six evening sessions over three weeks.

### **Introduction to Producing and Screen Business at AFTRS**

17 – 26 June

"What does a Producer do?" In this introductory, seminar-style course you will get a good insight into the role – and how much it varies across different types of content. You will become familiar with the workflows of a producer in both TV, film and creative agencies, and learn the most effective and efficient ways to produce a project. You'll get real world advice, case studies and information on how money influences the creative decisions you will be making.

Delivered by AFTRS MASB Program Convenor Peter Herbert, and industry expert Dr. Pieter Aquilia.

### **AMPA Dance Experience Day**

10 July

Academy of Music and Performing Arts (AMPA) invites dancers 16 & above to join us on campus for a day of dance. Register and bring your friends along and get ready to move!

Dancers will have a chance to participate in contemporary & improvisation classes facilitated by AMPA's inspiring faculty and experience what studying dance full-time is like at AMPA. A Q&A with the program's Head of Dance will allow aspiring dancers, choreographers, and dance teachers, to gain further insight into tertiary education and how it can benefit their future careers.

AMPA is the only performance-focused dance degree in NSW, so if you value a practical approach to learning and love performing- this is the place for you!

### [National Art School Open Day 2024](#)

7 September

Everyone is welcome at Open Day, from those considering art as a career to anyone simply curious about what happens behind the school's historic sandstone walls.

It's a busy and active day-long program offering plenty of opportunity to see what life is like for students at NAS, with art demonstrations in the studios, and shows in our exhibition spaces.

Interested in applying to study at NAS? Attend an info session to find out more about studying at NAS. Meet with a member of our faculty and learn about our admissions process including advice on preparing your portfolio.

### [Reminder – The Hotel School Open Day](#)

22 June

Join us for a day filled with excitement and exploration at our University Open Campus, where you'll get to experience life as a student at The Hotel School. Here's what awaits you:

- Experience studying at THS firsthand by participating in a special Masterclass
- Meet The Hotel School team and explore our diverse range of courses and application process
- Discuss career opportunities with the Work Integrated Learning team
- Connect with our current students and fellow attendees
- Enjoy light refreshments

### [Australian Institute of Music Open Day](#)

7 September

Join us for Open Day, and experience everything AIM has to offer!

See our campus, get course advice, experience live performances, meet our teachers and students, and take part in activities that will give you a taste of student life here at AIM. Whether you're ready to study now, or in five years' time, Open Day is open to all and a fantastic opportunity to discover how the Australian Institute of Music can help turn your passion for music into a career.

## General

### [Get Kids into Surveying](#)

Developed in the UK, Get Kids into Survey poster series puts surveying and geospatial science in the spotlight and renders it approachable by highlighting what makes the professions exciting, challenging and rewarding. Like the Where's Wally puzzles of yesteryear, every poster is crammed with colourful characters, amusing situations and more. With complementary Q&A sheets that can be downloaded online, these educational aids help generate land surveying discussions in the classroom, at home and beyond. Set against the backdrop of Sydney Harbour, with the Opera House dominating the skyline, this eye-catching and colourful poster places surveying jobs and geospatial studies in a very Australian context – making it the perfect talking point for primary school students. Did we mention that they're freely available online?

### [Conservation Volunteers – Working towards a world in which people and nature flourish together](#)

We exist to strengthen the health of communities and ecosystems for mutual benefit, across Australia. Through our work, we're building a more harmonious and helpful relationship between people and nature. People tell us that they want to play their part to re-balance nature, but they don't know where to start. So, for almost 40 years we've been working to give people that opportunity through hands on volunteering. Now, we're growing our work to empower anyone across Australia to take action for nature through an even wider range of practical activities.

### [What you can do at home or work to get involved in Landcare](#)

Do you ever think about who cares for your local bushland, waterways or coastline in your suburb? You can be part of a movement who do something every day to make a difference to caring for your local environment. Did you know research has proven that people who are involved in local groups and volunteer to improve their local environment are happier and healthier? We know many people are time poor but there are many ways to get involved that don't take up a huge amount of time. Every little bit helps. There's a reason over 100,000 people are already regularly involved. Give it a go!!

### [Australian Defence Force Gap Year](#)

Positions Available Now

Spend an exciting 12-months in the Navy, Army or Air Force, where you'll get paid for meaningful work while travelling around Australia, gaining skills for life, and making lifelong friends. On an ADF Gap Year you'll grow and develop in a dynamic, supportive and people-focussed environment.

### **Science Week 2024**

10–18 August

National Science Week is Australia's annual celebration of science and technology.

Running each year in August, it features more than 1000 events around Australia, including those delivered by universities, schools, research institutions, libraries, museums and science centres.

Celebrate National Science Week in your school. The 2024 school theme is Species Survival – More Than Just Sustainability.

### **Combine Construction and Finance Careers – AIQS Quantity Surveyors Scholarships**

Applications Close 31 October

Through the generosity of the late Donald Napier, AIQS is able to support the future leaders of the profession as they begin their university degree.

AIQS offers a number of scholarships each year for Year 12 students who qualify for entry into a Quantity Surveying, Construction Economics, Construction Management (Economics) or other appropriate course at an AIQS accredited university in Australia.

Of the scholarships offered, at least one Equity Scholarship will be awarded to a student experiencing educational disadvantages.

We offer a limited number of scholarships for year 12 students who qualify for entry into an AIQS accredited course in Australia.

The value of the scholarship is AU\$5,000 and includes:

- AU\$4,000 (\$1,000 upon enrollment, \$1,000 after completion of eight units, \$2,000 upon completion of degree). This is paid as cash into your bank account.
- Text books and manuals (published by AIQS) including the Australian and New Zealand Standard Method of Measurement
- AIQS Student membership whilst studying the accredited degree
- AIQS Graduate membership for one year (post graduation).

### **Future Doctors Australia – A 4 Day Program for ages 14 to 18**

10–13 October

July Dates Sold Out!

Gaining medical work experience is essential for young people considering a career in medicine. It provides insight into the field, helps develop skills and attributes, and provides networking opportunities. However, obtaining medical work experience can be challenging due to various restrictions such as limited opportunities, safety concerns, and confidentiality issues.

That's why NIE has developed the "Future Doctors Australia" program. It is an engaging and high-impact 4-day program that provides young people with a unique opportunity to gain medical work experience in a safe and structured environment. Participants will have the opportunity to spend time with current junior and senior medical students. They will also have the rare opportunity to spend time with more senior clinicians and various medical specialists. You will get to learn about clinical's specialist's relevant fields of work, ask them questions, and learn some hands-on skills from them.

### [The 10 most popular uni courses – what STEM electives do they need?](#)

Check out the top 10 most in-demand uni courses and STEM high school electives can set you up for success in all of them

The most popular uni courses range from STEM degrees themselves, to commerce, arts and law. Some have STEM prerequisites or assumed knowledge, while choosing related STEM subjects in high school can give you a head start in others. We've listed these below.

### [How high school physics can lead to an awesome renewable energy career](#)

Renewable energy engineering careers are growing rapidly as the world moves to sustainable energy – but you'll need physics to apply. As a Brisbane high school physics student in the 50s, a young Martin Green – now a professor and world-famous renewable energy engineer – might have been wondering exactly how he'd end up using everything he learned about atom models and vectors in class.

### [A Walk Through the Skies](#)

17 June

Join Kirsten Banks as she walks you through the night sky from a Wiradjuri perspective. Learn about how to view the sky differently and holistically and appreciate the long history of astronomy practiced in these lands.

### [Warbirds Downunder Airshow 2024](#)

19 & 20 October

Warbirds Downunder 2018 saw the largest gathering of Warbird Aircraft Australia has ever seen, and the 2024 show promises to be just as impressive – with the possibility of some added extras. The full line-up of aircraft will be published as the 2024 airshow approaches, but until then rest assured that Warbirds Downunder 2024 will once again be the largest gathering of Warbird Aircraft in Australia.

More information about Warbirds Downunder 2024 will be published as it is confirmed leading up to the event. To ensure that you stay up to date with all of the latest inclusions and important updates, sign up for our free email newsletter, or like our Facebook page
